Dear US Steel Retirees:

For years we have been providing dental services to workers of Stelco and US Steel. It came as a surprise to us that the courts in one swift motion released US Steel from their obligations to its retired employees benefit packages. We feel at a loss.

All this happened without much warning.

We of course would like to continue providing services to US Steel workers, and understand there can be financial uncertainty and unrest, until an agreement with a new company occurs.

We will continue to offer our services on a fee per service basis to each individual. As always each persons situation will be assessed on their individual dental needs.

Our dental hygienists are working to develop affordable package programs for senior Retirees.

Yours sincerely

Dr William Janushewski
